BroadbandUSA - Arizona Broadband Workshops

BroadbandUSA Workshops: connecting the community, stakeholders, resources, and ideas to improve broadband, drive economic development, and strengthen community resilience.

Format:

- Program Dates and Times:
  - 1st Wednesday of month starting, March 3rd
  - Sessions are 90 - 120 minutes in duration.

- Six webinars hosted by the Arizona Commerce Authority, facilitated by NTIA and paired with regional technical assistance "homework" sessions supported by the Arizona Broadband Office and its partners.

- Participants are encouraged to attend with community peers as part of formal or informal Broadband Action Team or broadband planning team– a local group focused on improving broadband for the region or community.

- Sessions will include speakers, exercises, handouts, homework, and technical assistance.

Target Audience:

- Mayors, Managers, council/county elected officials
- Technical leaders, CIOs, CTOs,
- Educational leaders, School CIOs, Directors,
- Economic Development Organizations
- Librarians including Tribal libraries
- Tribal Leaders
- Tribal Business Leaders
